

Turner High School

2016-2017

Acceptable Use Agreement for Technology (Grades 6-12)

I agree to discuss the Acceptable Use Agreement for Technology (Board Policy 362.2-Exhibit 1) with my child found in the Parent/Student Handbook. I understand that my child must be respectful, honest, and obey the rules listed in the agreement when using the computer and Internet. I also understand if my child breaks the rules there may be consequences associated with any such activity in accordance with School Board Policy.

Documentation of Handbook receipt

I acknowledge the fact that I have been given a copy of the Student Handbook and know that it is my responsibility to become familiar with the contents found within said document.

Locker Use Agreement

For the safety and welfare of all personnel in the school, ownership of lockers is maintained by the Turner School District. Students are granted use of lockers solely in accordance with the policy. When either the safety or the welfare of the school or school personnel is in question, the school district reserves the right to have its officials inspect the contents of any lockers at any time. A locker may be searched as determined necessary or appropriate without notice, without student consent, and without a search warrant. The search may be conducted by the district administrator, a building principal, a police-liaison officer, or a school employee designated by the district administrator or building principal. Any unauthorized item found in the locker may be removed. Items removed from the locker may be held by the school for return to the parent(s)/guardian of the student or retained for disciplinary proceedings or turned over to law enforcement officials.

Publishing of Student Photos & Information

The United States Department of Education has passed a law which requires that the District, with certain exceptions, obtain parents' written consent before releasing information about your child. The law states that we may disclose appropriately designated "directory information" without consent, unless you have specifically told us to withhold the information. That information includes: Student's name; participation in officially recognized activities and sports; address; telephone listing; weight and height of members of athletic teams; e-mail address; photographs; degrees; honors and awards received; date and place of birth; major field of study; dates of attendance; grade level; and the most recent school attended.

The School District of Beloit Turner may videotape (digitally record) and/or photograph students during athletic events, various performances and ceremonies. We may also photograph students in educational circumstances, settings and situations. These images or recordings may be used by the district for class composites, yearbooks, district-produced newsletters, district-maintained websites (including social networking websites), district publications, television, or other public displays, including being sent to area media outlets, to publicize the district, its various programs, and the students involved in those programs. If parents have questions or concerns regarding this photo/video policy, please contact district administration or a school principal. Parents who object to the use of their child's images must notify the building principal, in writing, prior to September 15 of each school year.
